

ROADRAILER

by REXQUOTE

City cranes are a compact and versatile machine for carrying out lifting duties in confined spaces safely and efficiently. Two models of these machines have been further enhanced with rail conversions and are now available on the UK Infrastructure in the form of AC40 and AC55. Download the specification sheets below to see more detail.

ROADRAILER by REXQUOTE

AC40 City Road Rail Crane

- Single boom telescopic crane
- Wide and easy access to crane
- Reach crane jibs up to 18m extending to 30m
- Lifting capacities ranging from 10 t @ 8 m radius to 3,5 t @ 30 m radius
- Hydraulic suspension system that will work with existing roads
- Air spring 10 mm allowing a more flexible ride in trucks or on the most extreme road conditions
- Hydraulic jibs and anti-rotation system
- Lifting capacities range from 10 tonnes in the full height mode to 3,5 tonnes when jib is lowered
- Lifting capacities range from 10 tonnes in the full height mode to 3,5 tonnes when jib is lowered
- Hydraulic suspension system that will work with existing roads
- Air spring 10 mm allowing a more flexible ride in trucks or on the most extreme road conditions
- Hydraulic jibs and anti-rotation system
- Lifting capacities range from 10 tonnes in the full height mode to 3,5 tonnes when jib is lowered
- Lifting capacities range from 10 tonnes in the full height mode to 3,5 tonnes when jib is lowered

Specifications

Overall length	2450 mm
Wheel	1300 mm
Height - on full wheel	2200 mm
Height - on full wheel	2200 mm
Weight	10000 kg
Maximum crane speed	40 km/h
Maximum jib speed	30 km/h
Maximum jib with a 10-tonne load	100 km/h
Maximum jib with a 5-tonne load	100 km/h
Maximum jib with a 3,5-tonne load	100 km/h
Full crane maximum	100 km/h
Maximum jib with a 10-tonne load	100 km/h
Maximum jib with a 5-tonne load	100 km/h
Maximum jib with a 3,5-tonne load	100 km/h

REXQUOTE

Rexquote is a leading manufacturer of road rail cranes. We are located in the USA. We are the only manufacturer of road rail cranes in the USA. We are the only manufacturer of road rail cranes in the USA.
